**REPEAT**

**RESTART**

On the 8th repetition (which starts at the 9:00 wall), get to count 24 (the double clap) and be sure to step your right foot next to the left, then begin the dance again (you will be facing the 6:00 wall when this occurs). Your cues in the music: the male singer has finished singing, there is a brief instrumental with "yee-haas" in it and then the group sings "ohhhhhh, 1,2,3,4" - restart after that!
