1 - 4	Step right to side, step left behind right, step right to side, touch left next to right
5 - 8	Step left to side, step right behind left, step left to side, cross right over left

REPEAT

Optional ending to end the dance perfectly with the last note of music:
You'll be facing the back wall as the songs ends preparing to do a right vine on count 25. Just slide to the right instead & Hold.

This dance will go out of phrase in the middle but remains very danceable throughout and comes back in phase toward the end eliminating the need for tags or restarts.
