A note from the choreographer:-

This dance was created with the most love, respect, and honor to the American people, the flag, and the nation as a whole. It in no way intends to mock or disrespect the veterans, the military, or the people who have and keep fighting for the American freedom. God bless the USA

----- TAGS, RESTARTS, AND SALUTE -----

TAG: 4 count Tag at the end of walls 5, 12, and 17

Restarts after count 16 on walls 3, 7, and 10

Military salute at the end of walls 8 and 18

The structure of the song makes it necessary to add three restarts and three tags throughout the dance, however, counting wall numbers is pretty challenging on this choreography, instead it is recommend to watch the tutorial and listen to the song a few times. There are cues within the song that flag the moments when the tags and restarts are to be applied.

TAG ----- RIGHT FOOT STOMP (X3) – REST

- 1 - 4 After count 32, stomp with right foot three times – Rest on count 4

Cue for Tags: At the end of every chorus, right after the lyrics say “just get your feet on the floor, and dance

for your freedom!"

Cue for Restarts:

1. At the beginning of the first chorus, after the lyrics say "land of the free and home of the brave, that's America"
2. After the first chorus ends there is a musical bridge. Restart is at the end of that bridge right when the lyrics start again
3. At the beginning of the second chorus, after the lyrics say "land of the free and home of the brave... Americaaaaa!!!"

Cues for military salute: Touch the right side of the head with the tip of the fingers (military salute)

1. At the end of wall 8 during counts 31 - 32 (stomp, stomp), when the lyrics say "We want to thank all those who serve our country"
2. At the very end of the dance after the last stomp. Keep the salute up for a few seconds

Happy dancing!!
