One easy Tag : Wall 8 begins facing 3h and then the music change.

You do all the sequence and you finish facing 12h.

At this moment, there is a 4 counts break in the song, similar to a pause.

All you have to do is place both hands (one over the other) in front of your chest and you fake pumping 4 times.

(It's like no more heartbeat).

Begin the dance again for the 9th wall.

Final : Wall 10 will begin facing 9h and will finish facing 6h.

To finish to the front, you must cross over your 8th count of the JazzBox and make a ½ turn right (wo LF)

Start again and keep smiling, dance is beautiful!
