Think of this song as three 32 count dances. Each one has mirrored phrases and repeated steps. Since this song was choreographed to follow the form of the composition it is quite long. You may fade out after the 4th wall which is about 3:30. If you go to the end of the song it will fade out around 4:30.

This song could be danced as a single 32- count dance, repeated endlessly, but the dance steps would not match the vocal effects which is where the fun is!
