REPEAT

SEQUENCE

There are more than four versions of this song. On the Canadian CD single, use track 1, which is the "breakdown" version. On the US CD single, use the "radio version" (track 2) or "album version" (track 1). On the UK CD single, use the "radio version" (track 1). As far as I know, there is only one version on the album

"BREAKDOWN" VERSION

Track 1 on the Canadian CD single; "radio version" on the US & UK CD single

TAG 1

This is done in both versions. After the 3rd time you do the dance (you will be facing left of the front wall), there are an extra 16 counts. Repeat the last 16 counts of the dance. This will turn you to face the front wall to start the dance again after those 16 counts

TAG 2

"Breakdown" version-track 1 on the Canadian CD single; "radio version" on the US & UK CD single

The next time you get to that same wall (left of the front wall) there is a break in the music for 8 counts. You will hear him say "man, i'm tired of singing." just act cool, like you've finished dancing, face the front wall and then start the dance again. You will do the dance once, and then there will be an extra 4 counts as follows:

RIGHT TOUCH TO SIDE, RIGHT TOUCH BESIDE LEFT, RIGHT TOUCH TO SIDE, RIGHT TOUCH BESIDE LEFT

1-2 Touch right to side, touch right beside left and tip head to left

3-4 Repeat these two counts

You will be facing right of the front wall for these 4 counts

After these four counts, repeat tag 1 (in other words, repeat the last 16 counts of the dance). This will bring you to face the back wall where you will start the dance again. You will do the dance two more times and finish facing the front wall

"ALBUM VERSION"

This is the version on the full CD, and also track 1 on the US CD single

TAG 1

This is done in both versions. After the 3rd time you do the dance (you will be facing left of the front wall), there are an extra 16 counts. Repeat the last 16 counts of the dance. This will turn you to face the front wall to start the dance again after those 16 counts

TAG 2
