## REPEAT

At end of first wall of dance you will hold on the final count to fit the slow tempo of music. You will only do this one time before beginning second wall. As you listen to the music you will be able to hear the duration that you will need to pause

At end of dance on Set Five count 4-6, there will be a long pause in the music. Simply continue extending right arm forward slowly for the duration of the pause (approx. 6 counts) then continue with Set Six on the word "...again". Finish Set Six and then step right to right side and extend right arm up and out to right side facing original starting wall.
