- 5&6 Rock left across right, recover on to right, step left to side
- 7&8& Rock back on right, recover on to left, step forward on right, lock left behind right

(Last count of lock step is first count of dance, step forward on right)

Start Again

**** Walls 2 & 5: Restart/Tag ****

Restart happens after 16 counts of the dance, however, to make it fit we change the last count to a touch (8) instead of the cross rock (8&). Counts 12-16 will look as follows:

- 5,6,7 Step forward on right, pivot ½ turn left, make ½ turn left sweeping right foot around
- 8 Touch right next to left

Start again stepping forward on right

**** Wall 8: Restart ****

On wall 8 dance the first 8& counts (up to the sway and step together) then instead of stepping to the right side, start again stepping the right forward.
