

# Saturday

Count: 0

Wall: 1

Level: Ultra Beginner

Choreographer: Astrid Kaeswurm (DE) - August 2015

Music: Saturday - Simple Plan

## Information:

There are only two basic steps in this choreography, so it is very simple for beginners, too.

(1). □grapevine right and grapevine left, any time with half turn grapevine: step side, cross the free leg behind the other one, step with the first leg to side, ending with a touch one foot to the other

(2). □walk forward and back.

Go like normal walking forward and end with a kick. Go same way back.
