## Directions for the three so-called “Tags” on chorus

Do above 32 count dance for three walls. Then, on the chorus “You, you broke up with me” do the following routine:

- 1-2,3-4 Shake finger in front of you back and forth (like Mom admonishing you) 4 times while rotating right foot  
5-6,7-8 to right side and back to center on heel  
1-2,3-4 Shrug shoulders (“what can I say?” for 1-2), kick right foot diagonally toward left & step down right (3-4)  
5-6, 7,8 Kick left foot diagonally toward right and step down with left (5-6), stomp with right foot and hold (while keeping weight on left hip and leg so you can start again with right)

There will be two more times you do the Tag routine to the chorus “You, you broke up with me,” each after three walls of the regular 32 count dance.

## Directions for Restart

After the first “You broke up with me” chorus there is a one time, 16 count instrumental true Tag.

However, treat it as a Restart - simply do the first 16 counts of the actual dance (to the jump) and Restart the dance.
