5&6      **MAN:** Triple in place right-left-right  
            **LADY:** Triple in place left-right-left

**Hands: on count 2 don't raise left hand (lady's right) so that lady can just run by without going under arm**

## SUGAR BUMP TURN

            **LADY:** Step forward right, step forward left turning ¼ turn to left

**Hands: on count 2 step together or slightly forward and drop the right hand (man's) and on 3 be gentle with the bump and keep it turning letting go of left hand. Re-catch left hand (man's) on count 6**

## CLOSED WHIP

- 1-2            **MAN:** Step back on left, cross in front step on right  
**LADY:** Step forward on right, step forward left turning ½ turn to right
- 3&4           **MAN:** Triple left-right-left turning ½ turn to face lady. End with feet apart so she can step between feet  
**LADY:** Coaster (back right, together left, forward right) right-left-right ending with right foot forward between man's feet. On the end of count 4 you will start turning to the right
- 5              **MAN:** Keep weight on left and turn ¼ turn to the right stepping side on right foot  
**LADY:** Step side with the left foot. You will have turned ½ turn facing the direction you started
- 6              **MAN:** Keep turning and make ¼ turn right stepping side left (again facing lady)  
**LADY:** Step back right
- 7&8           **MAN:** Triple in place right-left-right  
**LADY:** Triple in place left-right-left

**Hands:** on count 2 catch into closed position, on count 3& the lady will expand away from you like a rubber band. By count 4 she is coming back at you and will step between your feet with her right foot. Stay in closed position while you rotate right (open the door) and let go of closed position with the right arm back to a single hand hold man's left to lady's right on count 6

**Note for mixer:**

On count 7&8 the man can do a vine step that travels to his left so that he can pick up the next lady in a circle formation. If the mixer is not done, just don't move on the triple

## REPEAT

## BIG PARTNER CHANGE

Man does the last triple on 7&8 still moving but turns a quarter turn left. Then he will be on the inside of the circle. Lady does the last triple on 7&8 but turns a quarter turn left. Then she will be on the outside of the circle

- 1-2            **MAN:** Move forward with left step, right step together  
**LADY:** Move forward with right step, left step together
- 3-4            **MAN:** Left step forward, right knee up  
**LADY:** Right step forward, left knee up
- 5-6            **MAN:** Right step forward, left together  
**LADY:** Left step forward, right together
- 7-8            **MAN:** Right forward, left knee up  
**LADY:** Left forward, right knee up
- 9-16          **BOTH:** Repeat 1-8

Because you will have moved one partner up on the last pattern of the dance, when you start the Big Partner Change you will move up one partner again. Clap man's right and lady's right hand to the next partner as you pass on 4, then again on 8, then again on 12, then on 16 catch man's left (lady's right) to start the pattern again
