You have probably seen these paddle turns before; defined as one foot staying stationary and the other foot will propel you around. It is similar in action to riding a skateboard or scooter -- one foot on the board, and the other one pushing. Or, you can think of the paddle turns as a "step-rock-step-rock-step-rock-step" while turning

I know this looks like a lot, but you did the Rock And Roll Waltz and that wasn't so bad was it? This dance looks tough on paper, but it is not as hard as it looks. Start the dance after a 16 count intro on the 1st verse of the song. Here is the sequence: A A B C1 A A B C2 C3
