REPEAT

There are different versions of this song.

When dancing to the version on the CD called "Sound of the 70's Vol.2", the sequence is AB, AAB, AAB, AAB, A. If you dislike tags, ignore the tags. Dance counts 1-32 ten times and you will finish with the music. To end at front wall, on 10th round, on count 29-32, cross right over left, hold, unwind $\frac{3}{4}$ turn left, hold. Short walls always occur when you are facing the side walls.

When dancing to the version on the CD called "Very Best Of Tina Charles", (where the song is incorrectly called "Dance Little Lady Dance"), the sequence leaves off the last Part A and ends on count 12 of the last Part B. To end facing front wall on last B, dance counts 1-10 as written. On count 11, step side left making $\frac{1}{4}$ turn left and pose. If you dislike tags, ignore the tags. Dance counts 1-32 eight times. The music ends during the 9th round on count 28. To end facing front in that case, close right beside left on count 27 and pose on count 28 and you will end up facing the front wall. Short walls always occur when you are facing the side walls
