#### REPEAT

For the adventurous dancer or a team that likes a choreographed ending, this is our suggestion for a dynamic, eye-catching performance.  
(Not for your local nightclub, bar, or beginner!)

#### BEGINNING OF WALL 6 (THE MUSIC CHANGES TEMPO ON WALL 6)

##### THE SHUFFLES (8 COUNT #1)

Count this at  $\frac{1}{2}$  speed

1-8 Three shuffles backwards. Turn to the front on the fourth shuffle (facing audience)

#### JAZZ SQUARE

The music continues to lose tempo. Good luck counting it! I'm not sure it can be counted.

9-12 Right cross over left, left step behind right, right step to right, left cross over right.

You'll hear a definite BOMP. On the bomp, right touch to right, reach right hand straight up with flashed jazz hand

#### HEEL/TOE SWIVELS

Music picks up normal tempo. This section remains as original choreography counts 17-24.

#### ROCK STEP, $\frac{1}{2}$ TURN, SHUFFLE, SHUFFLE, STEP PIVOT

This section remains as original choreography counts 25-32

#### CROSSOVER VINE

33-37 Same as original choreography counts 33-37

38 Left toe touch to right instep

39 Left step out to left (weight on both feet). Both arms up in high V, with flashed jazz hands.
