The little girl sings in Romanian which is loosely translated as follows :

One night with Costica (a little monkey)

Me with a bottle, he with a bottle

We water the flowers in the window

The rest that is left in the bottle

We pour to the cat

I don't know what the flowers are feeling

But the cat has started singing

And we sing with it...

Hop-pa Zunea-Zunea

Hop-pa everybody

The whole world is enchanted

With the talented cat

So that the fishes don't stay quiet

I've poured them a little also

Only the ducks in the yard

Are silent. And stay silent

Hop-pa cause it's good

Hop-pa it's not a joke

Till the morning

Everybody is singing only Zunea-Zunea!

Have fun!
