Have fun with this dance by making it a contra line (especially at socials) :-

Section 1 - walks forward and clap hands with the people opposite you

Section 3 - when clapping on step 5-6 turn round over right shoulder and clap the hands of the person behind you

During section 3 when you are clapping hands you could shout out the following to make it more fun :-

1-2 "To you"

3-4 . "To me"

5-6 . "And back"

7-8 . "To you"

Section 4 - when walking forward pass your partner's right shoulder

Many Thanks to Cathy Hodgson for her help in making this a contra dance xxxx
