7&8 Make a ½ pivot L taking weight on L toe bumping L hip fwd, back, fwd (10:30)

(Note: The hip bumps should all go toward the diagonals, but don't worry about keeping your toe/body square to the diagonals. Allow your body to angle so you're almost bumping your hips to the side a bit, or whatever feels comfortable. The transitions should feel smooth. I like to keep this part mild during the verses, and more emphatic during the chorus! Have fun with it!)

1234 Cross R over L, make a 1/8 turn R stepping back on L, step R to R, step fwd on L (12)

5 6 Step fwd on R, make a ½ turn pivot L taking weight on L (6)

7 8 Make a ¾ paddle-turn L over two counts by pressing R foot to R side once, twice (9)
