

How to Make a Million

Count: 32

Wall: 4

Level: High Beginner

Choreographer: Roger Neff (USA) - August 2021

Music: If I Could Bottle This Up - Paul Overstreet

Intro: 32 counts - No tags, no restarts

Note: I ran across this song in my music library over the summer and remembered how much I had enjoyed dancing to it some years ago. I couldn't find the dance we used to do, - the teacher may have used her own unpublished choreography, so wrote these easy high beginner dance steps. I hope that newer dancers who may never have danced to the song will enjoy doing so now.
