- **RESTART:** As you start Wall 4, there are only 8 counts of instrumental then just RESTART PART A.
- **STYLING:** The first two walls are very mellow so this can be smoother. After the first phrase change, the music has a POLKA feel, so the shuffles and rocks should feel have a bouncy feel. On the PART B, extend the arms to match the point of the toe to the side and to move with the paddle turns.
