Sexy Love

I believe soul dances are usually learned by watching people dance it and memorizing the steps and how they fit the music, making strong muscle memories. This dance, fortunately, also lends itself to being counted and written into a step sheet for other learning preferences. The counts are based on the rhythm of the music. The dance starts 16 counts in. This dance bounces.

PART 1
LEFT BACK ROCK STEP, SYNCOPATED JAZZ BOXES STARTING AT 12:00
