

# Sweet Love

Count: 48

Wall: 2

Level: Improver

Choreographer: Shuanta Porter (USA) - January 2025

Music: Sweet Love - Anita Baker

I believe soul line dances are usually learned by watching people dance it and memorizing the steps and how they fit the music, and making strong musical muscle memories. This dance, fortunately, also lends itself to being counted and written into a step sheet for other learning preferences. The counts are based on the rhythm of the music. The dance starts 32 counts in.
