COPPERKNOB
STEPSHEETS

Count: 40

Wall: 4

Level: Beginner

Choreographer: Debora Russell (USA) - July 2025

Music: My Star - Carmichael Musiclover

I believe soul line dances are usually learned by watching people dance it and memorizing the steps and how they fit the music, and making strong muscle memories. This dance, fortunately, also lends itself to being counted and written into a step sheet for other learning preferences. The counts are based on the rhythm of the music. The dance starts when the singer starts singing.
