### STYLING NOTES:

The toe taps on the first 4 counts should be **BIG**, well across and behind.

Between counts 14 and 15 introduce a small "spring" or "hop" into your step. This should also be done as you change weight on the "&" count on 27&28.

Being an Irish style of dance, the hitches and hooks should be high and tight. The forward toe taps should be executed with the leg and ankle straight out.
