REPEAT

Dance starts when the music starts during the first line of the song. ("It's not as bad as it could be". - start dance at the word "be") When dancing to "Up!" by Shania, omit counts 29-32 (½ turn pivots) on the 2nd and 4th cycle of the dance (the music will give the cue, it will be obvious). The whole dance should be repeated for the remainder of the song.
