**REPEAT**

If you want to you can do steps 49-64 twice in a row as intro steps, for the 32 counts of intro before the dance starts when done to "Old Pop In An Oak"

After doing the dance 4 times completely through you have to cut out 4 counts of the dance to make it flow properly. Therefore after doing 4 sets of the 64 steps, start the next time with step 5 (The rock step forward on the right foot.)
