- 31-32 Turn $\frac{3}{4}$ turn left, hop forward.

REPEAT

Applejacks are done with a rocking motion from the ball of one foot to the heel of the other shifting weight as you change feet. When you fan left move left. For an Applejack left, the weight is on left heel and right toe. Fan left toe to left side and bring right heel toward your left heel. For those who have not mastered the Applejack step, you can substitute using Toe Fans.
