Steps 1-5 and 31-32 (at least) should provide the opportunity to sway (a typical Foxtrot movement). On Wall 8, music appears to slow down on count 17-27(facing 3:00 wall). just dance to the usual tempo (you will pick it up) and you will end facing the home wall on count 32 with 8 beats of music left

5-8 (SQQ) long step right to right side, hold, cross rock left over right, recover weight back on right (no ¼ left turn so as to end facing the home wall)
