REPEAT

TAG 1

On the beginning wall once you have danced the dance to the back wall and you are coming back to the front wall. After completing the dance, you will step your right to the right side (but do not put your weight on it) and raise hands and arms from sides upwards for 4 counts and then back down for 4 counts.

TAG 2

To the back wall and is the same 4 counts of the first tag where you simply raise your hands and arms up for 4 counts. Then continue the dance, starting from the beginning

INTRODUCTION

This is such a beautiful, inspirational song that rather than waiting for 32 counts to start dancing, we thought it would be nice to "sign" the words of the song during the first 4 bars of music. We'd like to thank our neighbors Dierdre and Richard Goeman for showing us how to express ourselves through sign language and music. Please check our website or contact us to learn to sign the introduction
