**Final part C is actually repeated 3 times with the following variations -- first 32 counts only then restart and dance Part C in its entirety.**

**To continue the dance in the 2-wall format, it is necessary to modify count 32 here. Instead of making the ¼ turn here, simply step forward LEFT. The third time, only the first 12 counts are danced to finish the dance. The music is very clear as to when each new part begins- Part A is the verses; Part B is the interludes and Part C the chorus and instrumental interlude.**
