- 6&7 Rock right foot behind left, recover weight onto left foot, step right foot to right side
- 8 Cross left foot in front of right

REPEAT

The music has a lot of heavy beats, especially verse 3 which is very jerky. We suggest that all the foot work goes dead on the beat while using your whole body to emphasize the strength of some counts. For example, on the last 2 counts, of each phase, rise your shoulders as you step your right foot to the right on 7, then drop your shoulders on count 8
