## **CHUG STEPS**

41-48 Make a full turn to the left by pivoting on left foot 8 times, using right foot as a 'paddle' (extend

the right leg as much as possible to exaggerate the move)

## **REPEAT**

In order for the dance to 'flow' to the above music (Pit Bulls & Chainsaws), it is recommended that the Chug Steps (41-48) be omitted at the end of the third sequence only. The instrumental section of the song lasts only 40 beats, hence 8 beats have to be omitted. From the fourth sequence carry on as normal including chug steps. Have fun with it, especially the Chug Steps. Really exaggerate them and you will enjoy it!
