For a furiously fast reel, try "Deep Channel" by Afrocelts. Begin the music at 2:13 into the song. At this point a percussion bridge begins and this will be used as for your 32-count intro. You will hear the drums building up to the start (2:27 into the song) at which point the instruments kick in. End the dance at 5:03 into the song, on count 1 of the dance (you will be facing your left side/9:00 wall) Place your right heel forward for count 1 and slowly twist right to face the starting wall swiveling on the ball of your left foot. Hold for the sustained note; then bow and BREATHE!
