RESTART: Happens AFTER you start your 8th wall. You dance the FIRST 16 counts but instead of stepping back on the right foot for count 8, you touch the R beside left and restart there. You will be facing the 12 o'clock wall.

TAG: Happens DURING the 10th wall. Dance the FIRST 16 counts and instead of stepping on count 8, touch like you did in the restart.

- 1 – 8 You are going to do a full turn by doing chug steps around to the left. So weight stays on the left but you step out on the R turning about an 1/8th each time making the steps strong.
Remember weight needs to be on L to start the dance.

After tag, begin again!
