1-4 Sway right, left, right, left

Finish #1 - if you choose to end the song at 3:54, add these 3 counts:

You just finished counts 32-40 - cross rock right over left, return weight on left, turning 1/2 turn right step forward on right to finish at 12:00

Finish #2 - if you choose to use the full length of track:

You just finished counts 41-48 - (there's no music here - just keep the beat) step forward on left, pivot 1/4 right, cross shuffle. At this point you are at 12:00 and you will hear in the song "1 (hold) 2 (hold) 1-2-3-4". Just

sway side to side 8X and start the dance again. You will dance 1 full rotation at the front wall. The next rotation on the back wall, the track will be ending while your are doing counts 17-24 (lock steps - facing 3:00). End by doing a rock step forward on left, return weight on right, turn 1/4 left by stepping left to side left. (12:00)
