The little girl sings in Romanian which is loosely translated as follows :

One night with Costica (a little monkey)  
Me with a bottle, he with a bottle  
We water the flowers in the window  
The rest that is left in the bottle  
We pour to the cat

I don't know what the flowers are feeling  
But the cat has started singing  
And we sing with it...

Hop-pa Zunea-Zunea  
Hop-pa everybody  
The whole world is enchanted  
With the talented cat

So that the fishes don't stay quiet  
I've poured them a little also  
Only the ducks in the yard  
Are silent. And stay silent

Hop-pa cause it's good  
Hop-pa it's not a joke  
Till the morning  
Everybody is singing only Zunea-Zunea!

Have fun!
