Styling suggestion: When you do the kick & points use both arms pushing them up and then down towards the floor. It looks better and in some walls it even fits the lyrics in the music perfect. At that same place you can add click fingers on wall 9 facing 12.00, you hear them in the music. Have a look at our demo videos. Also you can use the intro to add some applejacks. Robin uses them in the show for Eurovision Song Contest 2017. This song is the Swedish winner and contribution to the competition.
