Ending: At the end of wall 13 you will be facing 12:00. As the music slows to an ending, instead of turning the Rocking Chair just stay facing forward as the song ends.

I could hear a couple of places where there could have been a restart or a tag, but if you keep dancing through it, the dance flows nicely with the music.

Thanks for checking out the dance. I would like to hear your feedback, and if you try it, please share your video.
