REPEAT

I haven't seen a swivet step around for a while. You may not know how to do it. It's one of those steps like apple jacks that we had to practice and practice. It goes like this:

RIGHT SWIVET - FEET TOGETHER

1 Take weight on right heel and ball of left foot. Swivel right toes to the right and left heel to left

2 Return feet to the 'together' position

LEFT SWIVET - FEET TOGETHER

1 Take weight on left heel and ball of right foot. Swivel left toes to the left and right heel to the right

2 Return feet to the 'together' position
