### **REPEAT**

#### **RESTART**

On 3rd wall, you will be facing 9:00 wall when you complete ¼ turn (count 33). You need to bring left foot back and step beside right so you are able to restart

On 6th wall you will be facing front for the 'coaster' step (count 43-45), and you need to make "count 45" a

'hold step' so weight stays on left foot to restart
