**SHARP PIVOT ½ RIGHT TURN, ARM MOVEMENTS, SHARP PIVOT ½ LEFT TURN, ARM MOVEMENTS**

- & Turn ½ right sharply and put weight onto right
- 25 Look right and point both arms out to right at shoulder height (palms - facing down, fingers - pointing right)
- 26 Look left, swing arms horizontally across and point both arms out to left at shoulder height (palms - facing down, fingers - pointing left)
- 27 Draw both hands in front of your face making a small window (palms - facing each other, fingers - pointing up, palms should be about 8" apart making the two sides of the window)
- & Cross arms in front of your face (palms - facing opposite sides and diagonally down, fingers - pointing up diagonally up to opposite sides)
- 28 Swings arms to sides to point diagonally down (palms - facing diagonally down, fingers - pointing diagonally down to sides)
- & Turn ½ left sharply and put weight onto left
- 29 Draw right hand in front at chest height (palm - facing left, fingers - pointing forward)
- & Keeping right hand in place, draw left hand in front at same height (palm - facing right, fingers - pointing forward, end up both hands about 4" apart and palms facing each other)
- 30 Keeping left hand in place, roll right wrist so that right fingers point up (the only difference is right fingers now point up instead of forward, palm remains facing left)
- & Keeping right hand in place, roll left wrist so that left fingers point up (the only difference is left fingers now point up instead of forward, palm remains facing right)

- 31 Keeping left hand in place, look right and point right arm straight out to right at shoulder height (right palm - facing forward, right fingers - pointing right, imagine you are giving direction to move right)
- 32 Keeping right arm in place, look front and point left arm straight forward at shoulder height (left palm - facing right, left fingers - pointing forward, imagine you are now giving direction to move forward, you will end up both arms making a "left")
