## REPEAT

## TAG

When danced to most music, dance straight through from step 1-32. But when dancing to the Eric Heatherly track (Wrong 5 O'clock), there are a couple of very small changes on walls 4 & 9. On wall 4, there is an instrumental guitar solo. During these counts start the dance as normal, but only dance that wall from step 1-16& and then start the dance again. At the end of wall 8, while doing the heel pops, the singer is singing the words "Post his bail". After dancing count 32 there is a simple four count tag before starting wall 9

&1-2&3-4      Jump forward right, left foot then clap, jump back right, left foot then clap.
