**Restarts:** There's two restarts during this dance, and they happen in the same place facing the same wall.

**Restart One:** happens on the 2nd wall. Dance up to count 48. Restart facing the front wall after the ¼ turn.

**Restart Two:** happens on the 4th wall in the same place. Once you finish each restart, you should be facing the front wall.

**Option:** Instead of making a step ¼ turn after the dorothies, you may chose to do a body roll to the front, as long as you step together at the end so you are on the right foot. While making a body roll, don't forget to still add the ¼ turn R.
