Start again

This dance could be adapted for Lionel Richie version to 52, 36, 52, 36, 52, 25 by adding 4 counts to end of walls 1 & 3

(Make a full turn to the right moving right and stepping R, L, R, L).

Dance would then end on count 25 where the sailor $\frac{1}{4}$ left would be replaced by sailor $\frac{3}{4}$ left to finish facing the front.

The intro would be 16 counts.

BUT Tony's version is magical, spine tingling stuff, and it's worth waiting for his CD !
