(BEGINNER VERSION, because so many instructors I have spoken with have mixed ability classes, I thought it might be helpful to have an easier alternate. If you want you can simply substitute counts 25-32 with the following 8 counts and voila you have an easy floor split with a beginner and an improver dance...what's not to love?

- 1-4            Step R to right, Step L behind right, Step R to right, Touch L toes beside right [12]
