## REPEAT

After the 3rd & 5th time through, you will end up facing the left wall and right wall respectively. There is a twelve count filler. Stay in the "SP pose" or do what you like for 12 counts

The "SP Pose" is named after the choreographer. It is standing still on the left foot, with the right crossed in front, touching the right toe to the floor on the left side of the left foot. Turn your head left and down to look at the right heel. Place hands on hips or belt buckle for extra attitude.
