## **REPEAT**

## **FINISH**

Start dance on vocals. Near the end of the dance there is a break in the music and the tempo slows right down for the finale. When this happens you will be facing the front wall completing the left 45 (counts 31 & 32). Restart dance from count 1 at the slower tempo and continue through until the end of the music omitting counts 33-40 and finish off with a big bow (approx 48 counts)
