**COPPER KNOB**  
STEPSHEETS

拍数: 32      墙数: 4      级数: Beginner  
编舞者: Unknown  
音乐: Get Up, Get Down, Get Funky, Get Loose - Teddy Pendergrass

- 1-4      Jump forward with your hands in the air, pointing your finger toward the sky, and shake your body four beats (or one beat for jump and shake 3 beats)
- 5-8      Jump back with your hands pointing to the ground, and shake your body four beats (or one beat for jump and shake 3 beats). I tell them to bend forward while they do this.
- 9-12      Lean to the right and pretend you're hitchhiking with your thumb (I suggest they turn just a little to the left as they lean to the right and put a lot of movement in their arm and hips ("make it sexy if you want to get picked up"))
- 13-16      Reverse and do the hitchhike to the left
- This is the hardest part of the dance**
- 17-20      Right forward rock step and right shuffle (step forward on your right foot and back on your left foot. Do a right triple step (right-left-right))
- 21-24      Left forward rock step and left shuffle
- 25-32      Weight is on left foot after left shuffle. Turn  $\frac{1}{4}$  to the left as you step backward on your right foot (that's count 25) and simply walk backward seven more steps (that's a total of eight steps backward)
