- 3-4      Step right back, touch left beside right
- 5-6      Step left to left side, step right beside left
- 7-8      Step left forward, touch right beside left

## Choreographer's Note:

Although this is a new submission, I have been using this dance with my beginner groups for several years. It's designed to help newer dancers practice essential line dance steps, with a gentle 1/4 turn at the end of each wall to introduce directional change in a manageable way. It helps that we all love the song!
