- |       |                                                                                                                                              |
|-------|----------------------------------------------------------------------------------------------------------------------------------------------|
| 1-6   | Step forward on left, drag right towards left, step forward on right, drag left towards right, step forward on left, drag right towards left |
| 7-8   | Step forward on right, 1/2 pivot left                                                                                                        |
| 9- 14 | Step forward on right, drag left towards right, step forward on left, drag right towards left, step forward on right drag left toward right  |
| 15-16 | rock left to left, recover onto right                                                                                                        |

**(Restart facing 12 o'clock)**

**(Optional style to the walks: Walk forward and across allowing body to twist slightly whilst dragging the back foot towards front foot)**

**End of music: Keeping left toes in contact with the floor and allow the left foot to sweep round to a point at the end of the Monterey turn for a nice finish.**
